

Harvey Lift

The days of lifting large
pets onto your examination
table are finally over...

only with the touch of a peddle!

KOR Innovations is proud to announce that we have expanded our product line of high quality therapy tables for a variety of Health Care Practitioners, to include a unique Veterinarian examination table that will take a load off your back.

An excellent addition to any practice, the **Harvey Lift** can accommodate large injured or post surgical animals with ease. A Precise and quiet electronic controlled actuator, adjusts height with a footswitch for hands free operation. Groomers and Kennels would certainly benefit from the **Harvey Lift**.
